Runoff is a type of erosion. There is wind erosion and water erosion. If it is raining very hard it can cause a flood and make the rivers overflow. Water erosion can cause a landslide or cause a farmer's fertile soil to wash away. Wind erosion can make it hard to drive because it can blow sand.

What we are learning…

Writing

- ***Unit:*** Informational Writing
- We are drafted our final description chapters! Next week we will focus on pictures, diagrams, and captions.

Reading

- ***The Life of St. Patrick*** and
- ***The Leprechaun and the Magic Pot***
  - Skills: sequencing and cross-text questions

Math-

- ***Unit:*** Unit 5: Write Equations to Solve Word Problems
- ***This week's focus:*** The word problems in this unit are very deep and can be pretty complicated. Please encourage your child by reminding them to go step-by-step, choose a strategy that works for them, and to have confidence! ☺

Science

- ***Unit:*** Earth and Me
- ***This week's focus:*** We completed our Earth and Me unit and took our test on Thursday.
- *We will transition back to social studies next week and begin exploring Michigan's History.*
